Sean,
I request at least a 2 week extension in our review of Arkema's draft EE/CA Work Plan.

I realize you published the project schedule well in advance of the Work Plan submittal, & I probably should have made this request before now. Everyone I've talked to is swamped, & it will be a real struggle to adequately review the document & get decent comments to you by 10/17.

I will be distributing copies of the CD today.

Even though Sean gave us fair warning that this was coming in for review, it still landed at a bad time given other Pdx Harbor and upland activities. Please make every attempt to provide me draft comments by the end of the day on Tuesday October 12th.

Given the other Pdx Harbor priorities, Jim is going to send Sean an e-mail requesting additional review time. I will certainly let you know if the review schedule is extended. However, given Sean's schedule mantra we cannot rely on a schedule extension.

I am pretty much looking for team members to focus their review on their specialty (e.g., eco risk, FS issues). Thanks for your efforts.

We do have one hard copy if you want to review it or copy sections.

Matt

Matt,

Since you have the CD, are you making copies? If so, could you make me one?

Thanks,

Jennifer

Draft Arkema EE/CA Work Plan

Sean-
On behalf of Arkema, attached is the cover letter for the submittal of the Draft Work Plan for the Engineering Evaluation/Cost Analysis (EE/CA) at the Arkema Portland site. The hard copies and electronic copies (on CD) of the work plan were scheduled to arrive by FedEx delivery today, Monday, September 26. As noted in the cover letter, individuals who are designated as electronic file copy recipients can access the electronic files directly from Integral's ftp site. Instructions for accessing the ftp site are provided below. If you have any questions about electronic file access feel free to call me at (503) 284-5545 ext. 13. All other questions can be directed to Larry Patterson.

Thank you,
David

ftp site access for electronic copies

To access electronic files go to the following link and enter the login username and password:

<ftp://ftp.integral-corp.com/>
Username: Arkema EECA
Password: Ark*2EEC

Please note that the login name and password are case sensitive. Also note that occasionally a setting in the Microsoft Explorer program may prevent access to the ftp site. If access is not allowed, please contact David Livermore at Integral Consulting and he will provide assistance in troubleshooting ftp access issues.
